

Problem 2. Structure of the verb form:

- I.
- **me-**: affirmative form, present, indicative mood,
 - **ROOT**,
 - **-pe** ‘really’, **-fe** ‘pretend to’, **-f** ‘be able to’, **-n** — infinitive.
- In this part of the word:
1. $C + -C > CəC$ (**de** + **-f** + **-n** > **de-f-ə-n**, **me-** + **bəb** + **-pe** > **me-bəb-ə-pe**).
 2. The last syllable receives the stress if it is closed, otherwise the penultimate is stressed (**defən** > **defən**, **mešxepe** > **mešxépe**).
 3. $CéC(C)e > CáC(C)e$ (**méšxe** > **mášxe**, **mešxépe** > **mešxápe**).

- II. **-xe** — plural, **-t** — past, **-me** — conditional mood, **-qəm** — negative form.

Answers:

- (a)
