

Problem 3 (15 points). Welsh

(1) Welsh is a VSO language. In some cases, such as (2) an auxiliary verb comes at the start of the clause. In other cases, such (7) and (8), a constituent is topicalised. However, the basic word order is still VSO. (1+2)

(2) Gwelodd
Gweld
Welais
Welodd (4+1)

(3) They are particles that mark different types of embedded clauses. (2)
