

## Problem No. 4 (25 Points):

### Solution:

The word order is as follows: noun+*ide* – predicate

The structure of the predicate is as follows:

pronoun marker – direct object – verb root – *ban*

The pronoun markers express the person of the subject, the possessor of the direct object and also the number and the class of the direct object.

Classes of the direct objects:

I. Sg + animacy (dog)

II. Pl + animacy (dogs) OR Sg + inanimacy (boot)

III. Pl + inanimacy (boots)

Pronoun markers:

|             | I    | II    | III   |
|-------------|------|-------|-------|
| I (me) – my | ka-  | kam-  | kow-* |
| you – his   | a-** | am-   | ow-   |
| I – his     | ta-  | tam-* | tow-  |

\* from assignment 1

\*\* for assignment 2

Words:

|                |                  |
|----------------|------------------|
| khwian – a dog | -mu- – to see    |
| keuap – a boot | -thã- – to find  |
| pi – a deer    | -miki- – to feed |
