

Problem #6: Finnish

Observe that there are three words ending with “kone”: *lentokone*, *hautomakone* and *tietokone*. Three words beginning with “sähkö”: *sähköposti*, *sähköinen raha*, and *sähkökirjoitus*; and three words having the morpheme “puh”: *puhua*, *puhelin* and *matkapuhelin*. Among the English words, to talk, telephone and cellphone are related. Similarly, computer, incubator and possibly airplane, cellphone and telephone are related (all some sort of machines). Email and e-cash are also related (and possibly blog); write and type are also related. Furthermore, observe that the word “*posti*” sounds similar to post, *tekniikka* sounds similar to technology. Based on these observations, you can try to make assumptions of the type: *puhua* = talk, or *kone* = electronic or digital, or *tietotekniikka* = Information Technology. Then try to relate all the words based on your assumption. Eventually, you can arrive at the correct mapping.

Finnish	English Translation	Finnish	English Translate.
hautoma	to hatch	lentokone = lento + kone	airplane = flying + machine
aikamatkailija = aika + matka + ilija	Time traveler = time + journey + doer	sähkökirjoitus = sähkö + kirjoitus	to type = electronic + write
sähköposti = sähkö + posti	Email = electronic + post	aika	time
linja	Service	tietokone = tieto + kone	computer = information + machine
hautomakone = hautoma + kone	incubator = hatching + machine	puhelin	telephone
matkapuhelin = matka + puhelin	cellphone = travel + phone	puhua	to talk
nettipäiväkirja = netti + päiväkirja	blog = net + diary	linja-auto	Bus
sähköinen raha	e-cash = electronic money	tietotekniikka = tieto + tekniikka	Information Technology
kirjoitus	to write		
Assignment 2	Finnish Translations		
Diary	PÄIVÄKIRJA		
Journey	MATKA		
Flight / To Fly	LENTO		
Assignment 3	English Translations		
matkatietokone = matka + tietokone	Laptop or tablet (travel + computer)		
sähkö	electronic or electricity		
tieto linja	Information Service or Information line		
kirjoituskone = kirjoitus + kone	Typewriter (writing + machine)
